

## MARSHALL WINS FROM WESLEYAN

Coach Chambers's Team Trims Methodists in a One-Sided Game at Buckhannon.

BUCKHANNON, May 6.—Marshall college won from Wesleyan here Wednesday in easy style by scoring 13 to 3. Six costly errors figured heavily in the defeat of the locals. Lawrence pitched airtight ball for Marshall, being effective at all times. In the fourth Morrison drove one to the center field fence for a home run, scoring Daniels. Marshall sewed up the game in the second with three hits, two passes to first and two errors, netting them five runs. Wesleyan was weakened by the loss of Captain Singleton, who was out of the game with a bad hand.

The same teams will play again today. The score:

## VARSITY BEATS MARIETTA TEAM

Old Gold and Blue Boys Make Eighteen Runs Off Eighteen Hits.

MORGANTOWN, May 6.—Beneath a regular bombardment of hits and a multitude of errors by the visitors, the varsity Wednesday afternoon smothered Marietta college by the overwhelming score of 18 to 1 and incidentally set up the scoring record of the season to date. Eighteen hits was the total registered by the varsity batsmen and though only one was for the locals to couple their hits with Marietta's misplays and numerous battery errors, enabled them to make the run column equal with the hits.

## HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery.  
Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.  
Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Sargol tablet. In two weeks note the difference. Five to eight good, solid pounds of healthy "stay there" fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh, new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists sell them subject to an absolute guarantee of weight increase or money back.—Advertisement.

Hit by pitched ball—Leatherwood 2, Simon.  
Wild pitch—Huffman, Richardson. Time—1:53.  
Umpire—Core.

## OIL AND GAS

At present Hocking county has more work under way than any other and Perry county stands next to Hocking in Ohio. In the Union Furnace district, in section 24, Starr township, Hocking County, the Preston Oil Company has drilled No. 7 on the R. B. and B. Longstreth farm through the Clinton sand at a depth of 3,102 feet, and the well produced 15 barrels the first 24 hours. The location is 2,000 feet east of No. 3 on the same tract. The same company is drilling a test on the Eliza Stiers farm and in a few days, will be due in the sand at a test on the A. L. and V. A. Gray farm. The same company has the right completed for a test on the Pearl Diefey farm. This comprises about all the work under way and starting in the Union Furnace district. The Haydenville Oil Company had made locations for two more wells on the National Fireproofing Company's farm, but both have been abandoned. In the Junction City district, Pike township, Perry county, the Luper Oil Company is drilling a second test on the J. F. and M. Metzger farm, and Ralph brothers are drilling a second test on the T. E. Newman farm.  
In the Crooksville development in Harrison township, Perry county, Ralph Brothers have a light pumper at their test on the Isaac Cannos farm. In the same district, the Chicago Oil Company has the rig completed for a test on the H. F. Stonecutter farm.  
In the Cow Run district, Lawrence township, Washington county, G. D. Berry and Company have drilled a second test on the James Alexander farm through the first Cow Run sand and have a duster. This location is only 200 feet east of the first test, a good producer. In the Marietta district, Sweeney Brothers and Company is due in the sand at a second test on the I. E. Mendenhall farm.  
Near Clarksburg, in Clark district, Harrison county, the Norwood Gas Company's well on the Union Land Company's grounds, is holding up at 15 barrels a day. This well is the nearest oil producer to Clarksburg and is attracting some attention.  
Near Fnk, in New Milton district, Doddridge county, the South Penn Oil Company is drilling in the top of the Big Injun sand at its No. 3 on the C. E. Nicholson farm.  
In Clay district, Monongalia county, the Day-Brooks Oil Company's No. 3 on the A. J. Cook farm has now been drilled through the fourth sand and is producing 15 barrels a day. On Big Elk creek, Sardis district, Harrison county, the South Penn Oil Company's No. 2 on the Sarah Shaffer farm is holding up at 175 barrels a day.  
In Springfield township, Green county, Pa., the M. and P. Oil Company has now drilled its test on the William Hamilton farm through all sands to a total depth of 3,200 feet and found nothing but a light gas pressure in the Gordon sand.
